About Compass

COMPASS *-finances God's way™*, is a worldwide non-profit interdenominational ministry that teaches people of all ages how to handle money based on the principles of the Bible.

Vision

To see everyone, everywhere faithfully living by God's financial principles in every area of their lives.

Why We Use Small Groups

Small groups are one of the best environments to love and encourage participants, while holding them accountable to apply what they are learning. Christ modelled this method. Although Jesus preached to the multitudes, He focused on training the small group of 12 disciples.

“The practical principles in this study are powerful and life-changing because they are based on the Bible. My only regret is that I did not take the course twenty years ago. Don't make the same mistake.”

--**Joe Gibbs**, former NFL Head Coach and Founder of NASCAR's Joe Gibbs Racing

“The Navigating Your Finances God's Way small group study was a tremendous blessing to our congregation and me. It has helped us create a culture of life stewardship (not just money), and obedience to God both as individuals and as a church. I would highly recommend this study to every pastor and congregation.”

--**Jim Stauffer**, Senior Pastor--Trinity Evangelical, Upper Sandusky, OH

“I participated in the small group study, and learning these biblical principles has completely changed the way I manage my finances. I truly believe that what Facebook has done for social networking; Navigating Your Finance God's Way will do for your finances.”

--**Serena Forde**, Stewardship Director, Jubilee Christian Church, Boston, MA

A message from Howard Dayton

God loves and cares deeply for you. And that's why the Bible has so much to say about money. It contains more than 2,350 verses dealing with money and possessions, and 15 percent of everything Jesus Christ said had to do with it. God knows that from time-to-time money will be a struggle for all of us, and He wants to equip us to handle it well.

The Navigating Your Finances God's Way small group study is designed for everyone who wants to experience a deeper, more intimate relationship with Jesus Christ. My wife, Bev, and I have facilitated more than 60 of these small group studies, and there is only one reason we do it: We love to see lives transformed and finances improved as the participants apply what God says about handling money in the wisest possible way.

Even more importantly, in just nine weeks you'll become closer friends with the others in your group and have a more meaningful walk with Christ as you practice what you learn.

- Downloadable audio notes
- Online financial dictionary and calculators
- Web-based facilitator training and tools

Value of Study

Through years of experience, we've learned that everyone benefits most from this study when they are faithful to complete the homework questions, memorise a key verse each week, complete the practical exercise, pray for each other in the group, and hold each other accountable. It's important to attend at least 7 of the 9 weekly meetings.

Who Should Participate

This study is designed for everyone who wants to experience a closer, more intimate fellowship with Christ. This happens through a better understanding of God's Word. Issues such as ownership, lordship, stewardship and eternity are addressed head-on in addition to the very practical application of biblical principles for daily living. These are important issues for everyone, whether you have a lot or just a little. God's way works – every time and in every situation!
